Dear [Redacted]

It was a pleasure talking with you on the phone yesterday, and I deeply appreciate your willingness to assist me in obtaining a copy of "Electric Power for China's Modernization: The Hydroelectric Option."

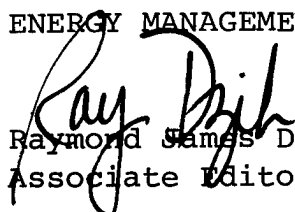

As an editor on ENERGY MANAGEMENT magazine, I am very concerned with establishing a good channel of communication with CIA on energy-related issues.

Enclosed please find copies of our April/May, and June/July issues. Our magazine goes to 41,300 chief executive officers of major corporations, top engineering management, and primary decision-makers in government. Our total audience numbers 186,550.

If ever I may be of assistance to you, please feel free to contact me. Many thanks for your helpfulness.

I remain, sincerely,

ENERGY MANAGEMENT
